

I Get Wicked

Thousand Foot Krutch

I could be nice, but don't test me
I get wicked, wicked, I get wicked
there's no escapin' it
wicked, you wanna kick it?
watch me get wicked
step up and get it,
'cause I get wicked

I'm a beast came to rip this spot up
stick to cons, 'cause the devil wears Prada
we want peace, but we can make this rowdy
stop, we don't wanna hurt nobody
you can't hang me, 'cause my nature's nice
and my heart's for the people of the world tonight
If you got a problem with it, take it up with life
'cause if you try to push me, it ain't gonna be nice

I get wicked, wicked, I get wicked
there's no escapin' it
wicked, you wanna kick it?
watch me get wicked
step up and get it,
'cause I get wicked

I am not afraid of this mountain in my way
you can push me to my knees, I believe
I am now awake, uncontrolled, and unashamed
when it rushes over me, I feel free

P.S don't play me like a 3DS
these cats can't see us, they're checkin' the wrong mirrors
cavaliers, don't mistake kindness for weakness
they never wanted to hear us, blown speakers
I spit the trinity, hook, line, and sequence
Hittin' ya brain like a G6, no secrets
My faith's my life, but ya rolling the dice
If ya try to push me, it ain't gonna be nice

I get wicked, wicked, I get wicked
there's no escapin' it
wicked, you wanna kick it?
watch me get wicked
step up and get it,
'cause I get wicked

I am not afraid of this mountain in my way
you can push me to my knees,I believe
I am now awake,uncontrolled,and unashamed
when it rushes over me,I feel free
GO!

Oh!, I could be nice,don't test me
I get wicked, wicked,I get wicked
there's no escapin' it
wicked,you wanna kick it?
watch me get wicked
step up and get it,
'cause I get wicked
I get wicked when you come against me
so quit it,stop tryin' to push me around
lets kick it,If you really wanna touch fire
come get it
step up I'll bring you down
Ha Ha Ha Ha Ha
If you think I'm not goin' to the fence ya crazy
step up and get it,'cause I get wicked
