Porch

Pearl Jam

What the fuck is this world running to? You didn't leave a message At least I could have learned your voice One last timeDaily minefield, this could be my time How 'bout you? Would you hit me? Would you hit me? All the bills go by And initiatives are taken up by the middle There ain't gonna be any middle any more And the cross I'm bearing home Ain't indicative of my place Left the porch, left the porchHear my name, take a good look This could be the day Hold my hand, walk beside me I just need to sayHear my name, take a good look This could be the day Hold my hand, lie beside me I just need to sayWhat can I take? I just want to be I know that I would not ever touch you Hold you, feel you Ever hold, never again
