

# Just Feel Better (feat. Steven Tyler)

## Santana

She said I feel stranded and I can't tell anymore  
If we coming or I'm going  
It's not how I planned it, I've got the key to the door  
But it just won't open And I know, I know, I know part of me says let it go  
That life happens for a reason  
I don't, I don't, I don't, it goes, I never went before  
But this time, this time I'm gonna try anything that just feel better  
Tell me what to do yeah  
You know I can't see through the haze around me  
And I do anything that just feel better And I can't find my way  
God I need a change  
And I do anything that just feel better  
Any little thing that just feel better She said I need you to hold me, I'm a little far from the shore  
And I'm afraid of sinking  
You're the only one who knows me and who doesn't ignore  
That my soul is weeping I know, I know, I know part of me says, let it go  
Everything must have it seasons  
Round and round it goes and every day's a one before  
But this time, this time I'm gonna try anything that just feels better  
Tell me what to do  
You know I can't see through the haze around me  
And I do anything that just feel better I can't find my way  
God I need a change  
And I do anything that just feel better  
Any little thing that just feel better I'm tired of holding on  
To all things I ought to leave behind, yeah  
It's really getting no where  
I think I need a little help this time  
Yeah I'm gonna try anything that just feel better  
Tell me what to do  
You know I can't see through the haze around me  
And I do anything that just feel better I can't find my way  
Girl I need a change  
And I do anything that just feel better  
Any little thing that just feel better
