## The Babe Rainbow

Come in closer, don't you stop  
We're only a flash away  
It's raining in love  
Every summers day  
Meet me at the spot, where morning never comes  
I'll tell you about it, because here I am  
When you're far awayThey're on every corner for anyone to see  
Lovers in the morning  
Air of mystery  
Meet Mrs. Marbles, as she whirls into the sun  
Saying good-bye, across the sky  
Keep your seat every-one!  
So say goodnight  
Low light daffodil, great skies are open  
For you and me
