BITCH

I fucked this white girl who got a pink range
and she drives fast in the slow lane
she got a neck tattoo and all her clothes are new
she got a neck tattoo and all her clothes are new
(repeat 3x)

I smoke like a motha fuckin chimney
Laughin with my eyes closed yellin bro cig me
but thats neither here nor there
cause when I talk you hear thoughts so rare
I'm finna be on clap your hands say Ya
now wait momma said I need an ounce in a bag
super high me flow on the champagne campaign
elect me I popped every bottle ever made
respect me I ducked every model when they came
they be hittin my line and i just let it ring
split a swisher with your sister cause you kissed her
consider her so pretty with this shit I whispered
recite some old lyrics make a bitch fall in love
then I'm on to the next cause one is not enough
One is not enough no one is not enough
but if she brings a friend I know its finna get rough

I fucked this white girl who got a pink range
and she drives fast in the slow lane
got a neck tattoo and all her clothes are new
she got a neck tattoo and all her clother are new
do i love her no I'm unstoppable
I can't see you you're unwatchable
like a motha fuckin broken tv
if you could turn it on you'd probly see me

Take notes when I speak shit is crucial
I am highly educated Im bout to school ya
Im on the next weeks shit it aint cool yet

I got the bitches leakin and Im talkin pool wet
you'll get nothin for free around here
I'm gonna be huge this time next year
u wanna ride the dick better get a new idea
I'm a slippin sippin sizrep lik a hipster a ikea
I got my middle finger up ask me how I feel
I just couldnt give a fuck

Travis T Mills

You probly dont but call me million if you know me
and if your girlfriend got an ass you can show me
(if your girlfriend got a mouth she can blow me)

You know what it is
its T Mills
T Milli
T Million

(chorus)
