Pride & Joy

Jon B.

I talk to you for a minute baby
You see, a man has many ways
To try to show his love for his women
My best way of showing you is right hereYou're always there for me whenever I fall
Whenever I'm in need you always know when to call
When I've come to my ends, I know I can depend on your loving me
Your touching me, constant faith and trust in meAnd how can I tell you
That how I love you so
Oh darling, I just wanna tell you
That you're my pride & joyYou've been right there for me, through thick and the thin
You were the strength for me, you wouldn't let me give in
At the end of the road, somehow I've always known
That your trust in me, your love in me, got me to believe in meAnd how can I tell you
That how I love you so
Oh darling, I just wanna tell you
That you're my pride & joyYou are my first and last thought of the day
You are my heartbeat without you I can't breathe
I can't imagine me without you in my life
You are my one soul inspiration, without you I'll just dieAnd how can I tell you
That how I love you so
Oh darling I just wanna tell you
That you're my pride & joyAnd how can I tell you
That how I love you so
Oh darling I just wanna tell you
That you're my pride & joy
That you're my pride & joyThat you're my pride & joy
My pride & joy
