

Nothin' Like The First Time

Lady Antebellum

Last time I saw you I was fueling up
At our old favorite coffee shop
Then you walked up, I tried to hide behind my cup
When you said how you been doin?
I gave you the typical line
And I've been fine
But I was lying, and dying
Yeah I was a kid in love
You rocked me then and it still does cause

Chorus

Ain't nothin' like the first time
Nothin' like the first smile
Looking at you seeing forever
Keeps me going till the last mile
And I held on like crazy
Until our goodbye baby
And I still miss you lately
Ain't nothin' like the first time
Nothin' like the first time yeah
Well I remember you stole my breath

Underneath the stadium steps
Now I'm walking round the block
Ten years later knock, knock, knock
Knocking on these memories
Flooding back of you and me
When love was free
And we were shining, flying yeah
I didn't understand
I had you right there in my hand

Repeat Chorus

First time, never get it back again
But I still remember when
First time, first time
There's a magic in the way

You will always stay

Repeat Chorus

Nothin' like the first time
There's a magic in the way yeah you will always stay

There's a magic in the way you will always stay
