

# Satellites

## Colour The Atlas

Satellites flashing by  
It's a beautiful state we're in  
But how can we love in isolation?  
Think how happy we can be when we just try  
When nothing like we seem  
Passionate words are never spoken  
You don't know how I bleed  
When I leave your side  
In your eyes, love's alive  
You've come untied  
'Cause we're flashing by  
Like satellites, satellites  
Take all the rules away  
How can we live if we don't change?  
We're always on display  
Let's run and hide  
In our eyes, love's alive  
We've come untied  
'Cause we're flashing by  
Like satellites, satellites  
If we don't communicate  
We'll exist in our own space  
We have all the love we need  
While we're apart I cannot breathe  
Satellites flashing by  
Satellites
