Effervescence

Nero

Pull the pin on your thirst as you taste it's
Sour cream stain on your dress
You could clean up your life with a toothbrush
And fail the chalk / blue-ink test
Will you take me aboard for the long haul?
Play your cards close to your chestEffervescence
Saps your patience
Threatens every single thing I doScene twoPack your bags with an eye on the front door
Leave the clothes that cloud up your mind
Call a cab with a fifty cent flag-fall
You're paying for a driver this time
Complicate everything with a sentence
Leaving only left me benignEffervescence
Saps your patience
Threatens every single thing I do
Every single thing I do
Every single thing I do
Every single thing I.... do
Do... Do... YeahPack your bags with an eye on the front door
Leaving only left me benign
Pack your bags with an eye on the front door
Leaving only left me benign
