S.D.A

Venkman's Ghost

Maybe in another life
I could have been someone...out of the black
Maybe in another dream
My ship could have sailed into the blue
Maybe at another time
my skin would not crawl when I see red

Floating deeper down
Hollow out myself
It's never what you own that defines your wealth
Here we are again as it settles in
Such a price to pay
When you're living with S.D.A

And when my darkness comes it hits me like a tidal wave to my soul
It blackens it my eyes
Where nothing could ever feel my void
So quiet down my rage
For I'm about to lose control of myself

Floating deeper down
Hollow out myself
It's never what you own that defines your wealth
Here we are again as it settles in
Such a price to pay
When you're living with S.D.A

They say it's all in my head
I only wanna be free
So "swallow down your pills"
They say it's all in my mind
I only wanna be free
So "swallow down your pills"

Floating deeper down
Hollow out myself
It's never what you own that defines your wealth
Here we are again as it settles in
Such a price to pay

When you're living with S.D.A
