

# Save It For A Rainy Day

Stephen Bishop

Well she's kinda pretty  
Drives a big car too  
And when I hold her in my arms  
I never know what to do  
She's got everything she needs  
What does she need me for  
Just a crazy fool comin' back for more  
And I know she's no good  
Can't blame her but I know I should  
Everybody says-a watch out boy  
She'll break your heart like it was a toy You better save it for a rainy day  
You better save it for a rainy day Well I'd leave in a minute if I only could  
But when she touches me  
It makes me feel so good  
My heart's in her hand this is sure a mess  
There's no way I say "no"  
When she says "yes, yes, yes!" Take me, shake me and tell me this ain't a dream  
Everybody says-a watch out boy  
She'll break your heart like it was a toy You better save it for a rainy day  
You better save it for a rainy day Save it for a rainy day  
You better save it for a rainy day  
You better (save it) save it for a rainy day  
You better (save it) save it for a rainy day  
(Oh, I'm talking to you)  
You better (save it) save it for a rainy day  
(Ah, yeah yeah yeah yeah yeah yeah yeah)  
You better (save it) save it for a rainy day  
(Ah-ah, yeah yeah I'm talking to you)
