I Don't Care

[Teenage Fanclub](#)

I can't find what's on my mind
Feeling low my thoughts are slow
Monochrome till you get home
When I'm sad, when I'm sad
When I'm sadNow I've taught my soul to grow
And over rocked this over
So I know what I need to know
Now I feel better I won't let her goI don't care about where I'm going
Because I'll be there and so will you
I don't care about foolish knowing
Now I'm aware of what is trueI don't care about where I'm going
Because I'll be there and so will you
I don't care about foolish knowing
Now I'm aware of what is trueI don't care about where I'm going
Because I'll be there and so will you
I don't care about foolish knowing
Now I'm aware of what is true
