

You Never Done It Like That

Captain & Tennille

You're so terrific, ooh
You never done it like that
You've never been this way before
To be specific, ooh
You never done it like that
Who went and opened up the door? Oh, my lips are burnin', yeah
You never done it like that
I thought the flame was dead and gone
Oh, but you've been learnin', yeah
You never done it like that
How long has this been goin' on? Ooh, who's been reachin' you?
Hey, li'l old man, I wanna shake your hand
One kiss from you and I feel just like Columbus
I did discover you're some kind of lover My mind is blowin', ooh
You never done it like that
You got me climbin' up the walls
Ooh, my love is growin', yeah
You never done it like that
You know you made me ten feet tall Ooh, what you're doin'?
Ooh, what you're doin'?
Ooh, what you're doin'?
You never done it, you never done it
You never done it like that Ooh, what you're doin'?
Yeah, what you're doin'?
What you're doin'?
You never done it, you never done it
You never done it like that Oh, what a feelin', ooh
You never done it like that
Not since I can remember when
I'm on the ceilin', yeah
You never done it like that
Looks like we got it on again Ooh, what you're doin'?
Yeah, what you're doin'?
What you're doin'?
You never done it, you never done it
You never done it like that Ooh, what you're doin'?
Yeah, what you're doin'?
What you're doin'?
You never done it, you never done it

You never done it like that Ooh, what you're doin'?
Yeah, what you're doin'?
What you're doin'?
You never done it, you never done it
You never done it like that Ooh, what you're doin'?
Yeah, what you're doin'?
What you're doin'?
You never done it, you never done it
You never done it like that Ooh, what you do?
Ooh, what you do?
Ooh, what you do?
Ooh, what you do?
Ooh, what you do?
Ooh, what you do?
You never done it, you never done it
You never done it like that
