

Devil's Night

Motionless In White

I am an enemy of everything
My life is not for sale
My heart is in this fight forever
What can you take from me?
When theres not a single fucking day
I havent fought to stay alive?
Were finding hope in the hopeless
I am still their voice that gets stuck in your head
I am me
And I have come to fucking scare you to death
Because thats what you deserve you disgusting piece of shitI know the only words that you have for me
Are give up and get out
You'd like to think that we've been beaten
But we're here to stay
Forever and alwaysEvery single day
Not giving up, living up all my dreams
So go ahead and look like Im inferior
Condescension, Suffering, Callousness and Loathing
Are the badges I have earned for my cause
And I am finding hope within hatred
A reason to persist, to push past everything
We are here
And we have come to scare you to death
Because thats what you deserve
You fucking fake ass hypocritesI know the only words that you have for me
Are give up and get out
You'd like to think that we've been beaten
But we're here to stay
Forever and alwaysSo loud
We are the ones that you pushed away
For drowning your voice out
Youd like to think
We've been defeated, but were here to stay
Forever and alwaysWe've been through everything
And we all have our scars
We may be broken but you
CANT KILL ALL OF US
GOOOOOOOO!!!Think before you fucking speakI am no villain, think before you fucking speak
People fear what they dont understand

And so now beauty has become the fucking beast(Maybe you didn't hear me?)I SAID GO FUCK
YOURSELF!!!I know the only words that you have for me
Are give up and get out
Youd like to think
That we've been beaten but were here to stay
Forever and alwaysSo Loud
We are the ones that you pushed away
For drowning your voice out
Youd like to think
Weve been defeated, but were here to stay
Forever and always
