

Goodnight Irene

Johnny Cash

Last Saturday night I got married me and my wife settled down

Now me and my wife have parted gonna take another stroll downtown
Irene goodnight Irene goodnight
Goodnight Irene Goodnight Irene I'll see you in my dreams
Sometimes I live in the country sometimes I live in town

Sometimes I take a fool notion to jump in the river and drown
Irene goodnight Irene goodnight
Stop your ramblin' stop your gamblin' stop stayin' out late at night

Go home to your wife and family stay there by the fireside bright
Irene goodnight Irene goodnight
