

# Spiral Static

## Muse

Who's ever known  
How much to moan and groan  
And quiver inside  
He needs to give you  
Everything you need  
Is it enough You're running out of time  
As it grows in your eye  
Feel broken inside you feel Sigh, static moans  
A storm growing strong  
And it's coming my way  
Still she gives you  
Everything you need  
Is it enough You're running out of time  
As it grows in your eye  
You'll feel broken inside  
You'll feel  
And I'll feel broken inside you
