

Fall In Line

Seven Places

If you're sitting down get on your feet
Let's wake up those who are asleep
March on, left to right to left again
Our feet in sync to this rhythm
Conducted by the hand of the saving One
Report fall in line, big mission with little time
Salute, stand tall with one voice answer the call
Hear us say Jesus Where are we while the world caves in
Are we showing love or hate, are we enemy or friend
What was black and white has now turned grey
Let's right this wrong with love today
Stand our ground with a helping hand
Report fall in line, big mission with little time
Salute, stand tall with one voice answer the call
Hear us say Jesus
We got something to say, got something to say
Hear us say Jesus
Is alive and well, alive and well today
Halle Hallelujah
Halle Hallelujah So sing it out now, with one voice loud and clear
Sing Hallelujah, for our Redemptions near
So sing it out now, with one voice loud and clear
Sing Hallelujah, for our Redemptions near
Hear us say Jesus
Hear us say Jesus
We're not messing around
It's time for us to stand up and speak the truth of His love
It's time to let the world know we've got something to say
We got something to say
It's time for us to lift our hands 'til the world understands
Jesus the reigning King is alive and well
alive and well today
Jesus the reigning King is alive and well
alive and well today
So sing it out now, with one voice loud and clear
Sing Hallelujah, for our Redemptions near
So sing it out now, with one voice loud and clear
Sing Hallelujah, for our Redemptions near
