Slapshock

I need your own advice
Im falling far behind
You need to tell me now
If I?m pushing you away

I suffer with your dust
I'm burning all your trust
I can?t believe it?s true
That I need you here to stay

I need your attention
Point me to the right direction
I?ve made my decision
Point me to the right direction

I?m looking in your eyes
I?m reading all your lies
I pretend to be alright
But it kills me down inside

I need to move away
From the broken endless day
When time is running out
Can you help me once again

So here I am
To my last stand
I?m tired to fall
I?m tired to crawl
It?s my goodbye
To one and all
Just like before
Away from you
