Harder And Harder

The Zutons

I need some protection
Someone to show me the way
Someone who deserves it
I want them to stay

To stick with me and tell me
I'll never be weak
And not disappear
After a couple of weeks

It gets harder, harder, harder

I used to be strong
Off the ground
I used to be invincible
And cope with problems I found

But now it's all changing
I'm falling apart
I'm falling to pieces
And I'm finding it hard

So hard
It gets harder, harder, harder

Listen up here
When you're going down
You're shaking everybody up
And putting 'em down
They're the only friends you've got now

It gets harder, harder, harder
