

Summer Smog

Living Hour

I can't breath in through this summer smog,
I won't begin until you come along.
I can't breath in through this summer smog,
I won't begin until you come along. What happens here?
What happens here?
What happens here?
What happens over there?

What happened here could have been the worst thing to happen in years. I, I can't breath in through this summer
smog,
I won't begin until you come along.
I won't breath in until you come along.
I can't breath in through this summer smog
