

# Hairy

## BO-PEEP

I don't want to look like you  
Greasy hair and ugly too  
I just want to live in peace  
To lie in bed and stay asleepI don't need your company  
[Incomprehensible]  
I've no time to even whine  
So don't come up and offer manI can do without you  
I've come this far on my own  
I don't need any helping hand  
'Cause I'm, I'm a manI don't want to look like you  
Greasy hair and ugly too  
I just want to live in peace  
To lie in bed and stay asleepI don't need your company  
[Incomprehensible]  
I've no time to even whine  
So don't come up and offer man
