Unafraid

Mikaela Coco

Falling
Slipping
Down the rabbit hole
It's so beautiful
Nothing can go wrong

If I'm
Tripping
Tell me what I'm on
I love it
I need it

We're on a boulevard
Made of broken hearts
But that does not scare me now
I feel so alive
When our bodies collide
Won't let anything slow me down

I'mma ride like lightning
Even if we crash like thunder
Nothing's gonna stand in my way
I'mma keep on fighting
Even if our world goes under
Cruising with my foot off the brakes
I was born unafraid

They say I'm
Chasing
Shadows fighting those
Losing all control
They don't know what I know

They're all
Saying
"Don't go down that road"
But I love it
I need it

We're on a boulevard

Made of broken hearts
But that does not scare me now
I feel so alive
When our bodies collide
Won't let anything slow me down

I'mma ride like lightning
Even if we crash like thunder
Nothing's gonna stand in my way
I'mma keep on fighting
Even if our world goes under
Cruising with my foot off the brakes
I was born unafraid
Born unafraid

Falling
Slipping
Down the rabbit hole
It's so beautiful
Nothing can go wrong

I'mma ride like lightning
Even if we crash like thunder
Nothing's gonna stand in my way
I'mma keep on fighting
Even if our world goes under
Cruising with my foot off the brakes
I was born unafraid
Born unafraid
I was born unafraid
Born unafraid
I was born unafraid
