

March of the Norse

Demonaz

Dethroned Worlds On Fire Under The Ice
All Who Shall Be Men Soon Come To Rise
I'm A Man Of Mountains I Stand My Side
A Man Of The Forests A Man Of Pride
The Wars Between Us So Choose Your Side
Those Who Oppose Us Be Damned To Fight
We're Men Of Iron We're Men Of Might
Behold The Power Against The World We Rise
March Of The Norse
March Of The Norse
Restless For Vengeance We Call To Arms
All Born To Conquer Born Of Nordlights
Here's A World Of Winter Here's A World Of Ice
A World Of Warriors With Death In The Eyes Darkness Rages The End Of Time
Northern Wars Beyond Your Minds
Darkness Rages The End Of Time
Northern Wars Beyond Your Minds March Of The Norse
March Of The Norse We're Men Of Iron We're Men Of Might
Behold The Power Against The World We Rise
March Of The Norse
March Of The Norse
March Of The Norse
March Of The Norse
