Second Chance

Peter Bjorn and John

I.I.

Get this straightYou can't, can't count on a second chance
The second chance will never be found
You can't, can't count on a second try
The second try will never come homeUhuhuhuhuhuh
Uhuhuhuhuhuhuhuhuhuh

UhuhuhuhuhuhuhuhuhYou stick to what you knew before
Don't know what you like, just made up your mind
The pictures still hangs on the wall
From back in the day when you had it allI,I,
It's a fraction of the hope
But it's so hard to control

I,I

Get this straightYou can't, can't count on a second chance
The second chance will never be found
You can't, can't count on a second try
The second try will never come homeUhuhuhuhuhuh
Uhuhuhuhuhuhuhuhuhuh

UhuhuhuhuhuhuhuhuhYou can't, can't count on a second chance
The second chance will never be found
You can't, can't count on a second try
The second try sets you come downI,I,
It's a fraction of the hope
But it's hard to control

I,I,

Get this straightYou can't, can't count on a second chance
The second chance will never be found
You can't, can't count on a second try
