

# It Don't Matter

## Rehab

Da Da Da Da Da  
Da Da Da  
Da Da DaSittin' in traffic another day of feeling nothing  
Tryin' to find somethin'  
I guess it's back to ----- paint and model glue  
How I die when I look at you smilin'  
Lovin' life and all I know is blue  
Rainy days and cold stares, broken love affairs  
Everything's beautiful as long as I ain't there  
I guess I wasn't meant to crack a smile  
Who cares, I think I'll go to sleep for a while nowI'm barely livin' in my skin  
Depression's my only friend  
And I don't know where I am headed  
Trying to forget where I've been  
And I'm so sick of lyin'  
God, please, show me that silver linen'  
'cause I heard tale and I'm not well  
My heads full of hell and this words a jail, butChorus x2  
And it don't matter and I don't care  
I let my pain into the air  
'cause everything good's over there  
And everything here's hard to bearAnd as the pain begins to displace  
Had it to ear level with this place  
You see it on my face a state of suspended grace  
Gradually, I erase and find comfort in this sickest womb  
I may be present but not in the room  
To whom it may consume  
Melting ensembles  
Bleeding chellos running through bordellos  
Drama like Othello  
Hidin' out from Poncharello  
Dead off in the median  
Fallin' apart like usual  
Handin' out flyers to my funeralAnd so they say that life's a play  
And that all the world's a stage  
And for another part I pray  
The show the ends the same way every day  
And my heart carries the pain  
of a brain I can't explain

Am I insane? Am I insane?Chorus x2And everything good is gone x3  
And everything bad is here x3  
It doesn't really matter know does itChorus x2Yeah  
It's hard to bear  
And everything here's hard to bear x2  
Everything here's hard to bear
