

Rip Off

Sham 69

All foreign feet down Oxford street
Faces from places i've never been
All the shops and restaurants
Ask for money i haven't got, it's just a fake make no mistake
A rip off for you but a roll for them Tell the kids get to grips
Don't wanna buy or eat no more
The king's road shopper make us poor
Time is running out for us! it's just a fake make no mistake
A rip off for you but a roll for them! it's just a fake make no mistake
A rip off for you but a roll for them
