Phone Call Away

Anthony Que

[Intro]
I'm not far away

[Chorus]
Anytime you need me, baby,
I'm only a phone call away
when you need good love,
come lean on me

You need me,
I'm only a phone call away
when you need good love,
come lean on me

[Verse]
The way you make me feel
when you're around
My spirits are so high and
never down

You're beautiful,
inside, outside,
you're a princess, you're a queen,
you show me what love really means

[Chorus] (1Ã—)

[Verse 2]
And yes, I'm coming
over tonight
I wanna be wrapped up
in the sheets until daylight

It don't matter what people say
They wanna come between you and me But this love will set us free,
it's like destiny

[Chorus] (1Ã—)

Need your love, baby,

ooouuu, come lean on me
Ha ha ha
