

Pills

Hurt

She takes these pills and she moves along
She takes these pills and it's better

Living doesn't matter to me
Living your life in your own routine
A productive farm ecology it seems
She looks at him like he's a machine
And lives with him 'cos he's a bill machine
That brings the groceries she swears she needs

So she takes the pills and she moves along
She takes the pills and it's better
He pays the bills and he moves the law
She takes the pills and it's better

Living doesn't matter to me
When you're living your life in your own medicated dream
How bad could sobriety really be?
I know you couldn't even recognise me
I wonder if she even knows that her own family
Is waiting and praying in the hopes that she would leave

She nods her head and she moves along
She takes the pills and it's better
She lies in bed 'til he moves along
She takes these pills and it's better
She takes these pills and she moves along
She takes these pills and it's better
He nods his head and they move along
She takes these pills 'cos it's better

Living doesn't matter to me
No, it really doesn't matter to me
It really doesn't matter to me

Now he takes these pills and he moves along
He takes these pills and it's better
He pops his head as he moves along
He takes these pills and it's better
We take these pills and we move along

We take these pills and it's better
We shake our heads as he moves along
We take these pills 'cos it's better

Well no, it really doesn't matter to me
No, it really doesn't matter to me
It really doesn't matter to me
'Cos it's better
