Magic

Charlie Wilson

Good evening, baby
(Ooh, ho)
And welcome to the Charlie Show
Tonight I'm gonna be showing you things
That you've never seen before
(Ohh, ohh, ohh, yeah)So just sit back and relax
Because tonight I'm going to be doing some things
No man has ever done
(No man, no man)
No man, no man, aight, listenAbra cadabra form of a bedroom
(Ooh, ho)
Now add a little candle light
And the scent of your sweet perfume, girlHocus pocus
Now you're in that cute little dress that I like
(I like)
Now don't lose focus
On what I'm 'bout to show you tonightI can do magic
(Woo, hoo)
One snap of you finger girl
I'll perform a trick on you
(Ooh)
Any thing you want me to do'Cause I can do magic
(Yeah)
All you gotta do is dim the lights
And I'll show you a trick or two
(Ooh babe)
Because I can do magic, I can do magicNow I ain't no psychic
But I can see what you mean, girl
And you don't have to write it
'Cause looking at your body I can read, girlYou're giving me the eye
And it's making me want you bad, girl
Turn around and can you guess
What's in my pants?I can do magic
(Ooh, ho, ohh)
One snap of your finger girl
I'll perform a trick on you
(I'll perform a trick on you)Girl, 'cause I can do magic
All you gotta do is dim the lights
I'll show you a trick or two

(Ooh, ohh)
I can do magic, I can do magic, girlI'll make our friends disappear
And out of nowhere a hotel room will appear
Then suddenly next thing you know it's you and me
I'll touch you, babeGirl, I know I lose but please believe
(And witness)
To what I'm about to do
(Turn the lights off)And make all your wishes come true
(Wave my hand)
Way by my eyes, there goes your clothes
There something I want you to know, ooh, ho
(Yeah)I can do magic
One snap from your finger, girl
I'll perform a trick on you
(I'll perform a trick on you)
Any thing you want me to do'Cause I can do magic
(Right in front of your very eyes)All you got to do is say the word
And I'll show you a trick or two
(And I'll show you a trick or two
'Cause I can do magic, I can do magicCall me Hudini or David Copperfield
I'll perform a trick on you
Girl, I am your ginie
Baby, this love for you is real'Cause I can do magic
(And girl what we have is magic, ooh)
And I vow to never let it goI show you a trick or two
(Abra cadabra and hocus pocus)
I can do
Now we are married, ever more
I can do magic
(Haa, haa)Kelly you bad, no Charlie you bad
