Grown Up Calls

Toro y Moi

[Verse 1]
I'm alright, out here with you
It doesn't bother me, I know you think it does
It's us making grown up calls
You got more than my love[Verse 2]
You only talk
You won't bite
I can't kiss her, so I
I move over, it's not enough
It's what I want, to me it's fine
But I know, I keep it to myself
I don't want to have it all
I'm on the phone, like everything
You see me too, it's not my fault
[Refrain]
It's not so common for it to turn out wrong
It's not so common for it to turn out wrong[Chorus]
I'll always be by you
I know what you're thinking
I miss you[Verse 3]
I know it's hard to be alone
You gotta stay while I'm gone
I'm in a different state, another job
I didn't call, I'm so far[Refrain]
It's not so common for it to turn out wrong
It's not so common for it to turn out wrong[Chorus]
I'll always be by you
I know what you're thinking
I miss you
