

Long Hard Road

Marshall Crenshaw

Right now and always
It's you and no one else compares
I see your shadow
I hear your footsteps on the stairs
This morning the sky is heavenly blue
Love me now
Make me feel brand new
I'm glad that I've had your hand to hold
Along the way down the long hard road
No way around it, being you and me
Sometimes takes it's toll
Come lay down beside me
Let the morning sunlight warm your soul
