

Bug

Wavves

you're such a bug to me man
you're such a drag on everyone
you're such a burned out zombie
you always suck out all the fun you're no fun
 you're no fun
 you're no fun
 you're just dumb
you're no fun you're always crashing parties
 you're always crashing someones car
you're always crashing on your new girls couch
until she finds out who you are you're no fun
 you're no fun
 you're no fun
 you're just dumb
 you're no fun
