

I Can Take or Leave Your Loving

Herman's Hermits

I don't need her
Don't need her kind of heartaches and pain
She's gonna have to see
Things now can never be the same again I won't miss her
Well, maybe I'll miss her once in a while
She thinks I'm gonna die, now that she's said goodbye
But she's so wrong, I'll just smile Baby, baby, don't you believe it
When it comes to your loving I can take it or leave it
Baby, baby, don't you believe it
When it comes to your loving I can take it or leave it I can take or leave your loving
I can take or leave your loving I'm not sorry
I still think we're better apart
She says she's gonna see
A day when there's gonna be a change of heart Baby, baby, don't you believe it
When it comes to your loving I can take it or leave it
Baby, baby, don't you believe it
When it comes to your loving I can take it or leave it I can take or leave your loving
I can take or leave your loving
