Advisory - the following lyrics contain explicit language:

Hey I know shit get kinda fucked up sometimes you know
I know you can kinda get carried away with yourself
But uh why don't you be real with me and be real with you at the same time
You can't get what you get here no where else ma, keep it real now You know, you love
Bitch you know you love this life
Don't nobody do you like me, you know, you love
Bitch you you know you love this life
Don't nobody do you like me, you know Cavalli dress and high heels and drop tops on hot wheels
We live how we wanna live 'cause we got mills
Them other niggas barely buy hot meals
In VIP dem bottle popping do it B.I.G
Come get with T.I.P and be balling til you D.I.E
Invisible set bracelets see clearly
Take away your stress mean that sincerely
Problem solver, never mind that
Girlfriends see your bag, be like where you find that?
Plus, what the fuck's a prenup? You ain't gotta sign that
You that uptight half, I'ma make it right back
I'm a mufuckin' hustler to the hard luster
Since they leaving me be back with them busters
Bentley for your birthday, Goyard purse day
Feel with them stacks you know you gotta love that You know, you love
Bitch you know you love this life
Don't nobody do you like me, you know, you love
Bitch you you know you love this life
Don't nobody do you like me, you know Man of respect, on a big jet
With a big dick and a big check
I pop big shit I'm good as it gets
You leave me, where else you think you can get this?
Girl you can get another guy to beat that pussy for you
Them niggas cowards though and I'd take a bullet for you
Mansions, jewelry, all I need's for you and me to have some understanding

Have a couple candid conversations
Your frustrations, I take in considerations
I'm rough around the edges, don't bow with me and be patient
And you sadly mistaken if you think I'm into chasing
My heart is RSVP, I've extended an invitation
And don't go wasting your time with what they saying online
Your position's divine, don't believe? Look around
I got a strong mind and a kind heart
With a soft kiss, but I love hard You know, you love
Bitch you know you love this life
Don't nobody do you like me, you know, you love
Bitch you you know you love this life
Don't nobody do you like me, you know Don't you love this life like I love you
Anything you could ask, do it for you
Drop Jags, Berkin bags, Louboutin heels
Summer homes in Miami, Hollywood hills
Vacation in Monaco Ibiza
On the French Riviera with our feet up
Our lifestyles so rare, you know you ain't going no where You know, you love
Bitch you know you love this life
Don't nobody do you like me, you know, you love
Bitch you you know you love this life
Don't nobody do you like me, you know
