Be My Friend Tonight

John Prine

I threw a party. nobody came.
I bought all the tickets. they cancelled the game.
I give you my picture. it didn't fit your frame
Be my friend tonightBe my friend tonight. be my friend tonight.
I'll sleep on the couch. you can leave on that light.
Well, I won't do nothing wrong till you say it's right
Come on honey, be my friend tonightNow you bring the glasses and I'll bring the wine
I'll rub your shoulders just like they were mine
I won't make no passes till it's passing time
If you're only gonna be my buddy tonightBe my friend tonight. be my friend tonight.
I'll sleep on the couch. you can leave on that light.
Well, I won't do nothing wrong till you say it's right
Come on darling, be my friend tonightWell, I'll mind my manners. my p's and q's
I won't give you nothing that you can't use
I'll whip out that old guitar and sing you the blues
Be my friend tonightBe my friend tonight. be my friend tonight.
I'll sleep on the couch. you can leave on that light.
Well, I won't do nothing wrong till you say it's right
Come on honey, be my friend tonight
Be my friend tonight. be my friend tonight.I'll sleep on the couch. you can leave on that light.
Well, I won't do nothing wrong till you say it's right
Come on darling, be my friend tonight
Oh, come on honey, be my friend tonight
Please, be my friend tonight.
