Think of Me With Kindness

Gentle Giant

Why am I using words, no more to say without you
Close the door, put out the lights and go.
Late in the night, in the night your shadow falls between us.
Nevermore, never know.There, memories are sorrow,
When there's no tomorrow.Sleep while the sweet sorrow wakes my daydream;
Sleep while you think of me with kindness,
please remember former days.
Sweet the song that once we sang,
the silent parting ways.
And you know, and you know,
And you know, long ago when first we made our promise -
Empty words, I wonder did you know -The laugh that love could not forgive,
Is gone and tells no call to live,
And we who look in beauty's love;
Must now, through all, look back on before -
The tears that I first cried, no more;
Your love has come and gone, no more.
And we who look in beauty's love
Must now through all think back on before.
