

Alive

S Club

I still remember it was day number one
We hit the ground and then we started to run
Now we're connected and I won't turn around
Cause you set me free, put my soul at ease

I just can't stop the feeling
What you give is what I'm needing
I just won't stop believing
On and on it's only just begun

[Chorus:]
I'm feeling so alive
Make it last forever
Everyday is right
Whenever we're together
I'm so alive
And loving every minute
Underneath the sky there's a heaven for you and I

I feel so alive
Day number two and there's a difference in me
We're getting closer baby spiritually
I got this feeling it was just meant to be
There's an energy between you and me yeah

I just can't stop the feeling
What you give is what I'm needing
I just won't stop believing
On and on it's only just begun

[Chorus]

Like a waterfall coming down on me
I can't go back 'cause I'm in too deep
You make me see those things that I never seen
You know the remedy, it's obvious to me

[Chorus]
