

# Buzzcut Season

[l o r d e](#)

I remember when your head caught flame  
It kissed your scalp and caressed your brain  
(I remember when your head caught flame)  
Well you laughed, baby it's okay  
It's buzzcut season anyway  
Well you laughed, baby it's okay [Chorus]  
Explosions on T.V  
And all the girls with heads inside a dream  
So now we live beside the pool  
Where everything is good We ride the bus with the knees pulled in  
People should see how we're living  
(We ride the bus with the knees pulled in)  
Shut my eyes to the song that plays  
Sometimes this has a hot sweet taste  
(Shut my eyes to the song that plays) The men up on the news  
They try to tell us all that we will lose  
But it's so easy in this blue where everything is good And I'll never go home again  
(Place the call, feel it start)  
Favorite friend, and nothing's wrong but nothing's true  
I live in a hologram with you  
We're all the things that we do for fun  
(And I'll breathe, and it goes)  
Play along (make believe, it's hyper real)  
But I live in a hologram with you Cola with the burnt-out taste  
I'm the one you tell your fears to  
There'll never be enough of us Explosions on TV  
And all the girls with heads inside a dream  
So now we live beside the pool  
Where everything is good And I'll never go home again  
(Place the call, feel it start)  
Favorite friend, and nothing's wrong but nothing's true  
I live in a hologram with you  
We're all the things that we do for fun  
(and I'll breathe, and it goes)  
Play along (make believe, its hyper real)  
But I live in a hologram with you
