Children Of Fire

Oh, Sleeper

We were born to fight!
Here I stand, my breath is baited waiting for the clouds to burst
I plead and scream, "Come what may!"
Dear God, lift me up from this ground of pain
The heat has reached a degree that's bringing me to faint
My faith and sweat have remained to contend the grave
Despite the sting, we wait until you bring our fate
We're singing
We are the children of fire
We are the lions
We stayed when all else deserted
Because we were born to fight and fight and fight
I see you, tattered and bruised
You're the only ones who remained true
I hear your call through the thick of it all
You've waited so long for the rescue
Our time has come
I'm sweating red, I'm sweating red, I'm sweating red
I'm red, I'm sweating red, I'm sweating red, red, red

I'm sweating red, I'm sweating red, I'm red
I'm sweating red, I'm sweating red red red
It turns from blue,
The sky comes unglued
It falls to the earth as my answer
You're so far from rain, the lot will feel pain
As it singes their skin but for you it will soothe
What descends feels like heaven on my skin
Finally I am free to never breathe again
My body lifts from the ground I was rooted in
And I pass the spark as it races to the rest of them
We are the children of fire
We are the lions
We stayed when all else deserted
Because we were born to fight and fight and fight
[x2]Ignite, ignite, ignite the world
Ignite, ignite, ignite the world
Ignite, ignite, ignite the world
Ignite the world and let it burn!
