

Close To Close

Shayne Ward

It's been a while
Since I've been this way
You left your mark
Broken everything
But don't stop now
Take me all the way
(close close close close) They say love just isn't worth it
I say you gotta put the work in
That way
You'll always gonna get what you give
(close close close close)
And this close So be right here and don't hold back
I'm into what you doin'
Do it just like that
It's me and you
Forget the world
Just do what you doin' because you're this close,
Too close (close close close close) So don't stop now
Take my breath away
Don't let your heart try to play it safe
Please, you're this close to me Last time love just wasn't working
This time I plan to put the work in
That way I'm always gonna get what I give (close close)
Oh oh
This close So be right here and don't hold back
I'm into what you doin'
Do it just like that
It's me and you
Forget the world
Just say what you're sayin'
'cause it's the best thing that I've heard You don't know how far you've come
Leave your shield
It's over
Let's just get it done
So stay with me
And don't let go
Just do what you're doing
Because you're this close,
Too close (close close close close) It's been a while

Since I've been this way
You left your mark
Hope it never fades
But don't stop now
Take me all the way
Into your heart baby
Don't stop me fallin' So be right here and don't hold back
I'm into what you doin'
Do it just like that
It's me and you
Forget the world
Just say what you're sayin'
'cause it's the best thing that I've heard You don't know how far you've come
Leave your shield
It's over
Let's just get it done
So stay with me
And don't let go
Just do what you're doing
Because you're this close, too close
You're this close
Ooh you're close
You're this close
Do what you do
You're this close
Just do what you doin' because you
