Darkside

Pulley

I could never do enough for you
You took all I could give
To leave me outside in the cold
Am I supposed to forgive?Go your way and I'll go mine
There's nothing left to say
I'm better of without some one
Who would treat a friend this wayFelling sorry for yourself
I don't feel sorry for you
Search for answers
Find no answers
I don't feel sorry for youSupport your cause
I never will believe a thing you say
The taste of dirt inside your mouth
It's the dark side you can blameSearch to find the answers
That were once intelligent
Now you find your self all alone
With your new friendsFelling sorry for yourself
I don't feel sorry for you
Search for answers
Find no answers
I don't feel sorry for youThe loss of hope
The forgotten dreams
I'll get over you some day
You built this wall around yourselfAnd you pushed us all away
There's so many song's that glorify
This sickness that decay
Standing still while your hanging on
I'll get over you someday
