## **Darkside**

## **Pulley**

I could never do enough for you You took all I could give To leave me outside in the cold Am I supposed to forgive? Go your way and I'll go mine There's nothing left to say I'm better of without some one Who would treat a friend this wayFelling sorry for yourself I don't feel sorry for you Search for answers Find no answers I don't feel sorry for youSupport your cause I never will believe a thing you say The taste of dirt inside your mouth It's the dark side you can blameSearch to find the answers That were once intelligent Now you find your self all alone With your new friendsFelling sorry for yourself I don't feel sorry for you Search for answers Find no answers I don't feel sorry for youThe loss of hope The forgotten dreams I'll get over you some day You built this wall around yourselfAnd you pushed us all away There's so many song's that glorify This sickness that decay Standing still while your hanging on
