

We Dance

NISHA

(pavement)There are no castrations here
In a chair you will be with meWe dance, we dance
 No-one will dance
With usJump, jump, jump, sing ...They got some brazilian nuts
 For your engagements
 Check that expiration date, man
It's later than you thinkYou can enjoy yourself
 I can enjoy myself
 You can enjoy yourself
I can enjoy myselfMaybe we could dance together
 Maybe we could dance together
 But you know no-one will dance with us
You know no-one dares to dance with usThis time I see you
 There will be
 Fine times for ever
 And you'll never get lost
