# Can I Go With You

## Gilbert O'Sullivan

The day you came my way, I was such a fool to say
All the things I said about you just to make you jealous
But I've learnt my lesson then, now I'm prepared to start again
If I promise to be true, can I go with you?Whenever you're around, all the boys I know are found
Trying to be the one to hold you by the hand
But I feel if it's okay, only one thing I can say
If I promise to be true, can I go with you?Can I take you by the hand?
Can I love you?
Please tell me, please tell me
Can I go with you?If you think I'm a fool, let me tell you there's no rule
That can stop me wanting you and I do, so help me
I won't feel like having fun till you say that I'm the one
So if I promise to be true, can I go with you?
If I promise to be true, can I go with you?
