Sugar

Superdrag

Looking for a kiss that'll knock me out
Sugar numb my lips again
'Cause I know the score
I know the scoreLooking for a girl that'll stick around
That'll let me down slow
'Cause I know the score
I know the scoreCould it be you?
I got nothin' else to do and I've got no thing to lose
Give me a shot, could it be real?
I got nothing left to steal and I'm too fucked up to feel
Give me a shot
Here I am give me what you gotLooking for a gas that'll get me high
That'll get me there fast
'Cause I need the score
