

# Keep It Movin' (feat. Serayah McNeill and Yazz)

## Empire Cast

Oh my God, I got a body like a weapon,  
It goes ba-ba-bang, bang, bang  
And every time that we're together  
I drive you insane, insane Got me up in here, what ya gonna do wit it  
You know I need a man that can aim, let's get it  
Get a little trigger happy daddy  
Get a little trigger happy daddy Every time I throw her my maneuver  
She brag about the way I give it to her  
I do it sorta like a ruger  
Let's do it, respucia And I don't even got a liscense  
It don't matter 'cause we always get it private  
And every time I ease up out it, she be lightened  
She excited, and I'm excited And I don't got time for love, don't got time for love (I got no time)  
Keep it movin', keep it movin' (uh uh)  
Keep it movin', keep it movin'  
And I don't got time for love, don't got time for love (I got no time)  
Keep it movin', keep it movin'

Keep it movin', here we go  
Yeah keep it movin', here we go-ggo-go-go-ggo-go-go I got a body like a weapon

Got me up in here, what you gonna do wit it  
You know I need a man that can aim, let's get it (Let's get it!)  
Get a little trigger happy daddy (okay)  
Get a little trigger happy daddy I just wanna hit the bulls eye once  
You just wanna make me wait around for months  
You can go first, I can go second  
But I ain't sweatin' for the record  
Bang, bang, bang, bang, bang, bang  
One more time, bang, bang, bang, bang  
I keep it in and hit you like a dog  
I keep it in and hit you like a dog And I don't got time for love, don't got time for love (I got no time)  
Keep it movin', keep it movin' (uh uh)  
Keep it movin', keep it movin'  
And I don't got time for love, don't got time for love (I got no time)
