

# Conviction

## Deicide

A day of death upon the cross of deceit  
Impure with pleasure to bare witness to he  
Death calling you to Christ, human sacrifice, conviction  
Down the unseen, your belief, absent god, don't exist  
Go unto thou, from the dead, walk with him, he ain't there  
Love in retreat, uncompelled, feel no pain, pray unfelt  
Hate run in place, holy grace, contemplate, there's no god  
The work of Jesus was the devil in fact  
His miracles were nothing more than a trap  
Lies pinned upon the cross, crucify his false religion  
Conviction, choking on the crucifix in his blood  
Conviction, take the bullet for the love of a son  
Conviction, from the cross into his kingdom you go  
Conviction, no more bullshit from the likes of the lord  
Satanic visions bring the lord to his death  
Their own disenchantment of perversions confessed  
Caught, harrow in disgust, revel in your lost religion  
Conviction, choking on the crucifix in his blood  
Conviction, take the bullet for the love of a son  
Conviction, from the cross into his kingdom you go  
Conviction, no more bullshit from the likes of the lord
