

# Ready for Love

## Mindless Self Indulgence

if y'all don't like it, then don't buy it  
like you need to be told  
my whole sound sucks in stereo  
like you care if it does  
you want your money back? yo - listen up  
no fucking refunds  
i'm thinking i shot my load(now i ain't get the rapping and sometimes i forget to laugh motherfucker)  
all the way to the bank  
i just bought my car a stereo  
use your money for crack  
i'm still going broke and i say all this is nothing go down to the record store  
buy all my records  
i'm ready for love i'm still not that cool  
i'm just not that great  
to suckers found out a little too late  
you thought that this shit  
would right fucking rock  
but your friends were right  
cause i fucking suck you don't like it so don't buy it  
like you need to be told  
my whole sound sucks in stereo  
like you care if it does  
you want your money back? yo - listen up  
no fucking refunds  
i'm ready for love
