

I Want You Back

Melanie B & Missy Elliott

I'm the M to the E-L-B you know me
I'm the M-I-S-S-Y to the E
And I've got many flows from overseas
Well, how can you beep-beep with no keys I've got Spice, I'm tight with my flows
And all my flows been known to throw blows
Well let me hit this one before I go
Well I'm gonna let you go if you say so Boy, I'm sick of you
Who, me? Yes me, yeah you know I'm a fool
Oooh, I'm a fool for you
Cause I keep takin' you back
As though I'm stupid like that, yeah
Yeah, you know we're through
But I can't say no and I never said no
I can't say no to you
Because you treat me wack
In fact I want you back, uh I think I want you back
Your love has made a deep impact
I know it might sound wack
But damn, I think I want you back, want you I think I want you back
Your love has made a deep impact
I know it might sound wack
But damn, I think I want you, want you back Boy, I'm tired of you
Runnin' over me telling me what to do
Now what have I done to you
To make you sex a lot
I thought I made you hot
Now don't make me act a fool
I know I talk mad junk but I know what I want
What I truly want is you
And even though you're a mack
True dat, I want you back, uh I think I want you back
Your love has made a deep impact
I know it might sound wack
But damn, I think I want you back, want you I think I want you back
Your love has made a deep impact
I know it might sound wack
But damn, I think I want you, want you back You got me losin' my mind, my mind
You can't keep breaking my heart
You got me drinking liquor in the morning

And sittin' all night at the bar I think I want you back
Your love has made a deep impact
I know it might sound wack
But damn, I think I want you back, want you I think I want you back
Your love has made a deep impact
I know it might sound wack
But damn, I think I want you, want you back I think I want you back
Your love has made a deep impact
I know it might sound wack
But damn, I think I want you back, want you I think I want you back
Your love has made a deep impact
I know it might sound wack
But damn, I think I want you, want you back Look right, all I've been saying is that I want you back,
I want you back, I want you back
And I do
Well, I think I do
I think I did
Wait a minute, just let me seriously think about it
In fact no, I don't want you back at all
You go your way, I'll go mine,
I'm outta here
Hahahaha
See ya (uh uh uh uh uh)
Mister lonely (uh uh uh uh uh)
Don't know why (uh) regulation
Break it down now, ow
ha ha
