

Music Is My Hot, Hot Sex

CSS

From all the drugs the one I like more is music
From all the junks the one I need more is music
From all the boys the one I take home is music
From all the ladies the one I kiss is music Music is my boyfriend, music is my girlfriend
Music is my dead end, music is my imaginary friend
Music is my brother, music is my great granddaughter
Music is my sister, music is my favorite mistress From all the ***** the one I gotta buy is music
From all the jobs the one I choose is music
From all the drinks I get drunk off music
From all the ***** the one I wanna be is music Music is my beach house, music is my hometown
Music is my king size bed, music is where I meet my friends
Music is my hot hot bath, music is my hot hot sex
Music is my back rub, my music is where I'd like you to touch Claro que sim, fui escoteira-mirim
Direto da escola, nao, nao ia cheirar cola
Nem basquete, pebolim O que eu gosto nao e de graca, o que gosto nao e farsa
Tem guitarra, bateria, computador saindo som
Alguns dizem que mais alto que um furacao Perto dele eu podia sentir
Saia de seu olho e chegava em mim
Sentada do seu lado eu queria encostar
Faria o tigela ate o sol raiar Debaixo do lencol ele gemia em re bemol
Fiquei tensa mas tava tudo bem Ele e fodao, mas eu sei que eu sou tambem
Ele e fodao, mas eu sei que eu sou tambem
Ele e fodao, mas eu sei que eu sou tambem
Ele e fodao, mas eu sei que eu sou tambem
Ele e fodao, mas eu sei que eu sou tambem
